United Way
*Emerging Leaders
of Marathon County*

United Way Emerging Leaders is a group of professionals committed to strengthening our community and our future. Through deeper involvement in the community, we gain insight and take action to improve Marathon County.

Emerging Leaders are donors who support United Way's efforts to realize a better tomorrow. In 2010 more than 160 Emerging Leaders enriched their lives and the lives of others through educational, social and leadership opportunities.

We thank our Emerging Leaders, whose work helps to improve the quality of life in our area today and build the foundation for the philanthropic work of tomorrow.
