

Off the Record

Emerging Leaders **TORCH** members go off the record with area leaders in a roundtable discussion over lunch each month. Leaders share their personal story and engage in conversation about life, community, and leadership. Learn how they have used their success to positively affect others around them and why they have chosen to get involved in the community. Each one is unique and have something different to share.

Roger King

Chief Operating Officer, EO Johnson Office Technologies

“Find a job you love and you will never work a day in your life”

Mary Jo Johnson
