

HELPING FILL A BACKPACK FILL A NEED IS AS EASY AS 1...2...3

Every child deserves to start the school year off with the supplies needed to learn. The Workplace Volunteer Council is making a difference in our community by collecting school supplies for more than 4,000 eligible children in Marathon County. With your help, each eligible child in grades K-8 for the 2010-11 school year will receive a backpack and school supplies. Helping FABFAN is as easy as 1...2...3

Consider a Personal or Corporate Donation:

A record number of eligible participants in 2010 translates to greater monetary donations needed to sustain the project. Each filled backpack costs about \$40. Your donation makes a difference and may be sent to:
