Ensuring the Integrity of the Car Drawing Entries:

Those individuals that qualify for the car are automatically and systematically (not manually) entered into the drawing as their pledges are processed. Participating public sector campaigns do provide individual donor information, which is audited, so public sector qualifiers can be assured they will be included and there is little room for human error. Companies who do not typically provide individual pledge information or their corporate headquarters does not submit pledges within this timeframe, may submit a list of those employees who have qualified. Those names are added to the data base of automatic qualifiers. Additionally, those people who submitted an entry outside of the automatic qualification process are also entered into the data base.

A list of those who qualify will be pulled by the Resource Development Director and verified by the Director of Finance and IT to ensure everyone's inclusion prior to the drawing. The final list of

entries will be assigned a random number. A computer generated number from the total assigned field of numbers will determine the 10 finalists.

Although Sponsor cannot publish the list of all those who qualify, if an Employee Campaign Manager requests a list of their company qualifiers, the Sponsor can provide it prior to the drawing, but after all pledges received by December 9, 2016 have been audited and processed.

No donation necessary. Void where prohibited.
Donation will not improve chances of winning.
