

# Free Blood Pressure Screenings

## About our Program

United Way RSVP provides free blood pressure screenings in our community. Screenings are staffed by volunteer nurses, who are RSVP volunteers. When you attend this free blood pressure screening, you will receive a results card allowing you to track your results. Other educational materials related are also available at no charge. Screenings are held at regular sites each month, making it convenient for you to monitor your blood pressure on a regular basis with educational support is provided by registered nurses.

**United Way**
