#### Ensuring the Integrity of the Entries:

Those individuals that qualify for the cash prizes are automatically and systematically (not manually) entered into the drawing as their pledges are processed. Participating public sector campaigns do provide individual donor information, which is audited, so public sector qualifiers can be assured they will be included and there is little room for human error. Companies, or their corporate headquarters, who do not typically provide individual pledge information within this timeframe, may submit a list of those employees who have qualified. Those names are added to the data base of automatic qualifiers. Additionally, those people who submitted an entry outside of the automatic qualification process are also entered into the database.

A list of those who qualify will be pulled by the Director of Resource Development and verified by the Director of Finance/Administration to ensure everyone's inclusion prior to the drawing. The final list of entries will be assigned a random number. A computer-generated number from the total assigned field of numbers will determine the 9 winners.

Although Sponsor cannot publish the list of all those who qualify, if an Employee Campaign Manager requests a list of their company qualifiers, the Sponsor can provide it prior to the drawing, but after all pledges received by December 31, 2023, have been audited and processed.

No donation necessary. Void where prohibited.  
Donation will not improve chances of winning.
