

United Way *Emerging Leaders*

United Way Emerging Leaders improve the quality of life in our community today and build the foundation for the philanthropic work of tomorrow.

CONNECT with local professionals.

Emerging Leaders connect with established business leaders, and one another. Members develop relationships that positively impact where they work and live, enhancing their professional and personal lives.

LEAD by example.

Emerging Leaders members have opportunities to enhance their personal and professional leadership skills and take active roles on projects and committees.

SERVE your community.

Members have hands-on opportunities to plan and implement projects that have a lasting impact on our community.

You can participate in our own sponsored projects and those offered by United Way and other non-profit organizations.

www.unitedwaymc.org

Members participate in committees, networking events, volunteer projects, and exclusive training opportunities.

Emerging Leaders takes pride in offering our members opportunities that encompass the three pillars:

CONNECT. LEAD. SERVE.

As a member, you participate at a level that works for you. You can attend events, volunteer for projects, join a committee or graciously make a financial contribution to support projects. Emerging Leaders members support the bold goal of United Way of Marathon County to lift 10,000 community members to financial stability by 2033.
