Can you speak up? Straight talk about hearing loss

What's the leading cause of hearing loss in older adults? Why do some people hear well with hearing aids while others don't? What's the difference between an audiologist and a hearing instrument specialist? These are just some of the questions that Lori Fish, Au. D., the Eye Clinic of Wisconsin's Doctor of Audiology will address in this program.

May is Older Americans Month

May is Older Americans Month and RSVP has made it a priority to help promote volunteer **support for senior independent living**. We have developed a concise information flyer with information on some of the primary Senior Independent Living Services and Resources in our community. We are asking RSVP Volunteers who are members of a church, club, group or organization to help get this information out into the community during the month of May. If you would like a bundle of 50 flyers to distribute, please call Susan at 715-298-5721 or email skrolow@unitedwaymc.org indicating the number of bundles you will need and when you will pick them up. **Each bundle has 50 flyers.**
