

OUR GOAL: Increasing Affordable Housing and Eliminating Homelessness

BY THE NUMBERS:

MEET ALICE:

Asset **L**imited **I**ncome **C**onstrained **E**mployed. ALICE lives in every community and neighborhood. ALICE is employed at child care centers, nursing homes, retail centers, in offices and assembly plants, but barely gets by, often living paycheck to paycheck. They struggle to make ends meet and are challenged to save money "for a rainy day" or emergencies. Read the complete ALICE research report at www.UnitedWayMC.org.

PROJECT CONNECT RESULTS:

WHAT SUCCESS LOOKS LIKE:

Amy, who had been homeless more than once, entered a local shelter program determined to find permanent employment and housing that she could afford. In less than a month after entering the program, she found a part-time job. After two months, she was able to save enough money for a security deposit payment on an apartment and received financial assistance from the Emergency Housing Assistance Fund for her first month's rent.

Today, Amy is working full time, current on her rent, and has started a savings account for emergency expenses.
