We currently do not have any openings at this time, however these are the positions/jobs that may be available in the future.	<p>We will be hiring Teen Educators for the 2021-2022 program year. Applications will become available around April.</p> <p>PATCH stands for Providers and Teens Communicating for Health. In order for you to be your healthiest, we believe that YOU (and other teens) should be able to have open and honest conversations with trusted health care professionals (like doctors, nurses, and pharmacists). Many teens don't have that support from their health care providers. But, THAT IS WHY PATCH EXISTS!! We want to make sure that ALL youth are able to get the health care they need and deserve.</p> <p>In this program, we ask YOU to be the expert and share what you know about being a teen, like: What are you or your peer's concerns about health care? What are things that make you like or dislike a health care professional? How much do you or your friends know about your health care rights? For more information about the program, please visit www.patchprogram.org and www.wipatch.org.</p>
